PROFILE

Frappe Developer with practical knowledge of ERPNext implementations and modules like Sales, Buying, CRM, HRMS, Manufacturing, Insights, and Accounts. I also develop full-stack web applications using React, Node.js, Express, and MongoDB.

EXPERIENCE

Frappe Developer Intern — Vintrosys Business Solutions, Tiruppur Nov 2025 – Present

- Implement and support ERPNext for client companies across Selling, Buying, CRM, HRMS, Manufacturing, Insights and Accounts.
- Write Python and JavaScript customisations on the Frappe framework to fit each client's business process.
- Food & beverage client: their ERPNext site held about five years of inconsistently entered data. Guided the client's team to post correct entries going forward and handled the accounts clean-up across the full data set.

Full-Stack Developer Intern — ZEN 1 Techpark Feb 2024 – Mar 2024

- Worked on React, Node.js and REST APIs with a focus on server-side logic.
- Improved deployment and debugging practices using Git.

PROJECTS

AI Cost Optimiser for ERPNext — College project (team) GitHub

Python, Frappe, ERPNext, MariaDB, scikit-learn, Pandas, NumPy, HTML, CSS, JavaScript, Chart.js

- Integrated machine learning into ERPNext to predict raw-material prices with Linear Regression (87–95% accuracy).
- Detected abnormal price changes with Isolation Forest and ranked suppliers by price, quality and delivery performance.
- Built a consumer portal with price predictions, price alerts and “Buy Now / Wait” purchase recommendations.

Task Management System — MERN GitHub

React, Axios, Node.js, Express, MongoDB, Mongoose, Google OAuth 2.0, JWT, Render

- Built a task tracker with Google OAuth 2.0 sign-in, REST APIs and JWT-based authentication.
- Task CRUD with sub-task checklists, due dates, completion status and search by title.
- Task sharing through secure email invitation links; macOS-style glass UI; deployed on Render.

TECHNICAL SKILLS

ERP	Frappe Framework, ERPNext (Selling, Buying, CRM, HRMS, Manufacturing, Insights, Accounts)
Languages	Python, JavaScript, C++
Frontend	React.js, HTML, CSS
Backend	Node.js, Express.js, REST APIs
Databases	MariaDB, MongoDB
Auth & Tools	JWT, OAuth 2.0, NodeMailer, Git, GitHub

CERTIFICATIONS

- **AWS Academy Cloud Foundations** | *AWS Academy*
- **OCI AI Certified Foundations Associate** | *Oracle University*
- **AZ101: Master C++ for Competitive Coding** | *AlgoZenith*
- **Time Complexity Series** | *AlgoZenith*
- **Building Trust Through UX Design** | *LinkedIn Learning*

EDUCATION

B.Tech — Information Technology
Karpagam Institute of Technology, Coimbatore
2022 – 2026 · CGPA 7.1
